auditorium

this year, the auditorium committee of student council initiated several money making projects in an effort to raise enough money to build an auditorium on the mccluer campus. the committee sold suckers, sponsered the powderpuff football game, and planned mccluer's annual school carnival.

members of the band program here at mccluer were invited to vienna, austria, to participate in the second annual international band festival, july 5-16, 1973. during the year the students and their parents worked toward raising funds to help finance the trip.

members of the senior band were also invited to perform at the missouri music educators convention in jefferson city. there they played an hour and a half reading concert.

bible

the bible study group met this year to provide an opportunity for christians at mccluer to get together, study the bible, and share with each other what jesus christ means in their lives. the group mainly discussed passages from the new testament, and shared their thoughts on them.

the mccluer high central committee has been referred to as one of the most unique student councils in the st louis area. it has served as a link in communications for the student body, faculty and administration. unlike most schools who have a representative system, mccluer's student government has attempted to set up a true democracy where everyone goes to town meetings to discuss and vote on issues.

yell-leaders

the varsity yell-leaders and cheerleaders try to better school spirit at mccluer through the attendance of all sports activities.

election

this year, election committee ran all elections at mccluer high school. the committee's members were in charge of making ballots, ordering voting machines, and officiating during the actual voting. they were also responsible for tabulating the votes. this year, election committee ran the elections for homecoming and crest queen, as well as for the chairman of the central committee.

english

english club was organized for those students who enjoy reading and discussing fine literature of the past and present. this year the club read many different types of books, ranging from william peter blatty's best seller, **the exorcist,** to dostoyevsky's **the brothers karamazov.**

at some of the meetings the members brought in their favorite short stories or poems so that each person could become better aquainted with all types of literature.

foreign relations

the foreign relations committee was formed to benefit the students at mccluer through interaction with the foreign students. it's main goal is to raise the funds to place exchange students in a pleasant home environment.

afs brought maurizio ghererdini to mccluer for the 1972-73 year. commenting on his stay in the united states he says, "my american family, the quinlan's, is a very nice family and i never had any kind of problems living with them."

another student sponsored by the foreign relations committee was ron henson. in relating his experiences during his two and one half month stay in san francisco, argentina ron says, "i learned many things, especially about human kindness and friendship. i enjoyed being there and hope to return one day."

the committee is always eager to help any foreign student feel at home at mccluer.

marching band

the mccluer vs mccluer north football game highlighted the 1972 marching comet season. over 200 bandsmen, pom-pon girls, and majorettes from the ferguson-florissant school district participated in the show entitled "god bless america." the show was such a success that future joint shows are being planned.

other half-time shows during the season were: "the bands played on," "tv commercials," "meet me in st. louis," and "a salute to john phillip sousa."

model u.n.

"model u n " is an inter-school activity in the greater metropolitan area which conerns itself with the creation of its own "model" united nations sessions.

the construction of the organization and its sessions is entirely created by the participants, although the actual united nations is our basis for ideas. mcdonnell-douglas aircraft corporation sponsors the st. louis chapter; we also have an active part in the midwest model united nations session for college students held in st. louis every winter.

national honor society

the national honor society, sponsored nation-wide by the association of secondary schools principals, is organized to promote and recognize outstanding scholarship, leadership,service and character. the mccluer senior high chapter, formerly ferguson high chapter, was chartered in 1936. students are voted into membership by the school faculty after they have attained a high grade point average and have shown high qualifications, service to the school, and active participation in school activities. the chapter has been involved the past two years helping the 9th, 10th, and 11th grade students schedule for their coming school years. the years activities are rounded out with an awards banquet sponsored by the ferguson/florissant board of education.

pep band

the pep band this year was a student organized and directed activity. the eight members of the group selected their own music and practiced it at their own homes to play at all the home basketball games.

the group's purpose was to promote spirit at the comet basketball games as a replacement for the stage band which had played in previous years.

science

members of the science club were permitted to study any phenomena the school had facilities for. our main objective this year was to measure the speed of light which in itself led to experiments with the kerr effect, bolography, and the study of optics.

the results of the experiments were evaluated according to the following criteria:

if it bites or scratches its biology.

if it changes or explodes its chemistry.

if it doesn't work its physics.

ms. lacks — staff consultant

it's four o'clock in the morning . . . the paper is almost finished. you have one headline to go and the headline machine starts belching blue smoke. you've been at the printer's office since eight that morning and you've had to put up with "phreek" maestes chasing the news editor around the room . . . with tammi wynette singing "d-i-v-o-r-c-e" for the third time because the editorial editors brought a radio stuck on wil . . . with miss lacks calling to make sure you have the drop-out article set, and you know it's at home on your desk.

you thought you were finished at two, but discover a forty dollar ad, that no one left room for . . . so you have to start over. by now phreek is hanging upside down from the ceiling . . . the editorial staff has decided to run an 8x10 picture of the american flag . . . the features editor just stands there laughing because she is finished . . . the business manager is tap dancing across the table . . . the sports editor is chasing the other news editor around the room because he spilled coke all over her page. when you straggle to school the next morning, your english teacher wonders why you run out of the room when she says, "gee, it must be fun to be on the school paper."

secretarial

the five member secretarial committee of student council had a busy job this year. not only were they responsible for keeping clear and accurate records of all student council actions, but they were also in charge of preparing the agendas for the town meetings and organizing and distributing the "who's who"

senior

senior committee had a big job this year planning commencement exercises for the largest graduating class in mccluer's history.

senior committee was also responsible for planning the alumni reception and for selecting and raising money for the senior gift.

the committee enacted several fund raising activities this year, including car washes, bake sales, sale of mccluer t-shirts and "m" stickers for cars.

sophomore

with the primary goal of getting acquainted with each other and promoting school spirit, the sophomore committee initiated several projects, this year, which benefited the entire student body at mccluer. the twenty-six member committee proposed and directed the sale of mccluer athletic passes, prepaid cards which allow students to enter most home athletic events without the bother of standing in line to purchase a ticket. sophomore committee was also the main committee behind the talent show.

student affairs

the student affairs committee, a standing committee of student council, was in charge of handling the commons program, planning assemblies, and arranging student exchanges.

this year the committee successfully worked on a proposal which called for the admittance to the m2 commons area without a commons card. student affairs committee also initiated the swap-n-shop board in the m-3 lobby.

a boy constructs a pair of trousers, a girl draws a blue print for a house, a teacher is invited to a cookie bake, and a principal comes to dinner. a student learns the regular-irregular sleeping schedule of an infant, or hooks a rug, or makes a candle, or learns his mannes or . . . takes home economics.

social studies

changing diapers, feeding patients, playing games, taking walks, and seminar discussions are some of the activities added to the on-going social studies program. soc. iv students will remember discussions about plato, locke, rousseau, and the bill of rights. quarter courses focus on interest areas such as african studies, revolutions and renaissance. this year our education included booing and hissing at the political rally.

everyone loves p.e. coach, it's cold out here! keep moving, i'm going inside . . . swish . . . hole in one . . . skin the cat . . . i didn't want to be in gymnastics! where are all of the golf balls? long pass — touchdown! forty — love . . . do we have to take a shower, coach? bull's eye . . . victory!!! defeat . . .

driver's ed

driver education is where you learn not to have accidents on the road by having them in the simulators. students learn the rules of safe driving through the textbook, practice-driving in the simulators, and actual behind-the-wheel experience. this year, the driver education department stressed highway safety and the development of a good driving attitude.

Employment Checklist

The following is a checklist in helping you obtain the best possible job and benefits you can receive from a prospective employer, just ask about these important benefits:

1. **PAY** — At least $288 per month to start. Request regular promotions with increases in pay for promotions and years of employment.
2. **VACATION**—Request 30 days paid vacation every year starting with your first. Request Low Rate or Free world travel privileges any time while on vacation.
3. **EDUCATION**—You should continue your education while you work and the company should pay 75% of these educational costs. If selected for college your tuition should be paid and your normal salary continued.
4. **ALLOWANCES**—Ask your employer for a clothing allowance. About $300 for initial outfitting and at least $6 a month to maintain and or replace worn-out clothing. Request a cost of living allowance and quarters allowances for your wife and family.
5. **LEISURE**—You should have company operated clubs for your leisure time. Swimming pools, tennis courts, golf courses, movie and libraries should be added features to expect. Prices should be minimal or free with no fees for joining.
6. **MEDICAL CARE**—You should have unlimited sick leave with normal salary during the entire period. Any medical or dental care for yourself should be absolutely free, along with free medical care for your family.
7. **MARKETING**—The company should operate grocery, department, laundry, variety and other stores which reduce your expenses up to 50%.
8. **RETIREMENT**—Retirement plan should feature 50% of pay after 20 years to 75% of pay after 30 years, with no contributions on your part. Should you retire for medical reasons, your retirement pay must be tax free. You should be able to retire anytime after 20 years.
9. **TRAVEL**—Your employer should agree to relocate you, at your request, anywhere in the USA or free world, pay your travel expenses up to 6c a mile and move your household effects free of charge. If married, your employer should agree to pay for your dependent's travel and one months' extra quarters allowance each time you move.
10. **BONUSES**— Your employer should be willing to pay you as much as $10,000 cash bonus to stay with him after four years.
11. **TRAINING**—Inform your employer to be that since you have no experience and that you expect to be trained and receive all benefits immediately.

Ask your prospective employer what he has to offer. And remember this, if he thought you expected him to match these eleven points, he would more than likely end your interview immediately. Better yet, don't waste time, see your ARMY RECRUITER today.

LOCATION OF NEAREST RECRUITING STATION FOR MORE INFORMATION IS AS LISTED BELOW:

FERGUSON — # 5 S. Florissant Road, Ferguson, Mo.,
Telephone: 521-7662

FLORISSANT — 108 S. Hwy 140 (Meadow Park Plaza)
Florissant, Mo., Telephone: 838-2620

People like to know who they're buying a car from and how that man runs his business.

When you treat people fairly, they'll come back to you for their next car, too.

And the more customers we get, the lower the price on the cars we sell. It's a happy thing to run a simple business.
